Upper School

Each year group will be following one timetable only. Lessons will take place in a variety of mediums and the subject teacher will keep you informed in advance of what is taking place.

We will be using a mixture of live lessons (Zoom), SeeSaw sessions, pre-recorded lesson videos, Microsoft Teams (Year 5) and paper based work and projects. Whilst our approach to lessons will evolve and remain under constant review, we believe this approach will allow for curriculum coverage, a healthy balance with screen time and using technology to enhance and improve our academic programme. The instructions for all lessons will be communicated via SeeSaw.

Core lessons (red) have been timetabled predominately in the morning allowing for flexibility in the afternoon where PE, the Arts and activities will be available (green).

At 8.30am each morning, there will be an assembly or form time which will be a wonderful opportunity for the girls to meet with their form teachers, classes and the rest of the school.
